Our working process in 3 steps

Planning & Strategy

From concept to completion, we make sure everything is well organised and things go according to plan.

Design & Develop

We take into account the space, budget as well as the aesthetic values our clients wish to put into effect.

Build and Deliver

Installations, construction, fit-outs and repair. We ensure the job is done the way its was planned to be.

OUR PORTFOLIO

With our **reputation** and flair for craftsmanship, **EXTREME OFFICE MAKEOVER** has **transformed** numerous offices into beautiful **design spaces**, complete with **full service maintenance**, repair, exterior and interior construction and **enhancements**.

EXTREME OFFICE MAKEOVER (PTY)LTD is a **100% black female owned** and **managed** Company. It has been established to provide **general maintenance** including **renovation solutions** to customers across South Africa and abroad.

Our expertise in **project management**, quality control and time management ensures our customer's projects are delivered, **On Time** within **Scope** and **Budget**.

Our business is built upon **strong organisational behaviour**, **ethics** and **relationships**. We have a well-respected **management team** and business **development teams** with **expert technical** experience to ensure our projects are successful.

We aim to make a difference in the renovation field by providing **competitive prices** in line with your **budgets**. Our ambition is to make your office renovations **streamlined** and **exceed your expectations**.

Our **mission** is to provide you with a **professional** and **reliable service** with **personal attention**. We **partner with our customers** to ensure all your renovation needs are **delivered** while you continue with **business as usual**.

CREATIVE has a special meaning for us:
